5 WEEKS WEEK BY WEEK

Cad Bane – the Duros bounty hunter, the cool one in the wide-brimmed hat. Blue skin, long brown coat, twin LL-30 blasters, and the breathing tubes from chin to coat collar.

Steady wins. May the Force be with you.

5 WEEKS TO CAD BANE

Week 2	Practice the blue skin + red Duros eyes	.
Week 3	Build the breathing tubes from the chin down to the coat collar	.
Week 4	Holster rig + gauntlets	.
Week 5	Dress rehearsal + game day	.
APPENDIX	Quick reference & game day	.

🕒 YOUR FIRST WEEKS — WHERE MOST BUILDS DIE

Nearly every abandoned build dies in the first quarter: parts not ordered, printer not tested, nothing started. Win the first weeks — order everything, print one test piece — and the rest is downhill.

PICK YOUR BAR

*Same Duros gunslinger, three depths of cool — from a hat-and-blue-face nod to a screen-true breathing-tube rig. The same build can be finished to three different bars — pick yours **now**, because builders who polish for the wrong one burn weeks.*

LEAN · €80-130

Casual

Reads as Cad Bane at 5m if the hat is right — nail the wide brim and a long brown coat, slap on blue face paint, and skip the breathing tubes entirely. The silhouette carries it; nobody clocks a bare neck across a crowded hall.

EFFORT · ~12 hrs

MID · €130-190

Convention

Reads as Cad Bane at conversation distance — most builders land here, adding the chin-to-collar breathing tubes, a sculpted hat band, and proper twin LL-30 holsters. Blend the blue skin past the collar so no flesh tone peeks through.

EFFORT · ~22 hrs

ELITE · €250+

Screen-Accurate

Reads as Cad Bane under inspection — full silicone or layered-paint blue with the right teal undertone, ridged Duros brow appliance, red cybernetic eyes, and functional-look breathing apparatus with the correct fittings. Every tube routes exactly as the Clone Wars reference, hat brim shaped to the millimetre.

EFFORT · ~30 hrs

THE FALLBACK PLAN

*A first-time build of this suit is **15–30 hrs** of hands-on work across **5 weeks**. Life happens — so decide right now what gets cut when the clock wins. Finished beats perfect.*

BEHIND EARLY Drop first: No Armour. Nobody will notice at 5m.

BEHIND LATE Simplify next: Pouches, Trousers — buy instead of make, or borrow.

EMERGENCY Every printed part has a buy option. Switching one part to bought can save a whole week.

ALWAYS The final week is for wearing it, not building it — dress rehearsal beats one more coat of paint.

🕒 THE HONEST RULE

If a piece is not started two weeks before the event, it is not in this year's costume. Build it for the next one.
