A LONG TIME AGO, IN A WORKSHOP FAR, FAR AWAY....

5 WEEKS WEEK BY WEEK

Kit Fisto – the Nautolan Jedi Master, the cheerful one with the head-tentacles and the famous smile. Green skin, the long Nautolan tentacles, minimal Jedi gear, and a green blade.

Steady wins. May the Force be with you.

5 WEEKS TO KIT FISTO

Week 1	Plan + order green paint, tentacle materials, tunic, green saber	.
Week 2	Build the head-tentacle headpiece (light + anchored)	.
Week 3	Practice the green skin + big-eye look	.
Week 4	Fit the sleeveless tunic + belt	.
Week 5	Dress rehearsal + game day	.
APPENDIX	Quick reference & game day	.

🕒 YOUR FIRST WEEKS — WHERE MOST BUILDS DIE

Nearly every abandoned build dies in the first quarter: parts not ordered, printer not tested, nothing started. Win the first weeks — order everything, print one test piece — and the rest is downhill.

PICK YOUR BAR

*One Nautolan, three depths of green — pick how far down the tentacle you go. The same build can be finished to three different bars — pick yours **now**, because builders who polish for the wrong one burn weeks.*

LEAN · €90-150

Casual

Reads as Kit Fisto at 5m if you nail the green: full-coverage face and arm paint, a soft sculpted-foam lekku hood, and a plain sleeveless tunic. Skip the silicone tentacles and skin texture — at a distance the colour and the smile carry it.

EFFORT · ~18 hrs

MID · €150-230

Convention

Reads as Kit Fisto at conversation distance — most builders land here. Layer alcohol-activated green over a base tone for depth, add foam-latex or sewn lekku with subtle striping, and dress the proper Nautolan tunic with belt, saber clip, and tabard drape.

EFFORT · ~28 hrs

REBEL LEGION · €280+

Approved

Reads as Kit Fisto under inspection: a sculpted silicone or foam-latex lekku cowl with skin texture and accurate tentacle count, airbrushed gradients blended into the neck and hands, and a screen-matched tunic weave with a clean green blade. This is the Rebel Legion lifetime piece.

EFFORT · ~35 hrs

THE FALLBACK PLAN

*A first-time build of this suit is **18–35 hrs** of hands-on work across **5 weeks**. Life happens — so decide right now what gets cut when the clock wins. Finished beats perfect.*

BEHIND EARLY Drop first: No Armour, No Robe, Bare Hands. Nobody will notice at 5m.

BEHIND LATE Simplify next: Tabard Drape, Reference & Fit, Trousers, Boots — buy instead of make, or borrow.

EMERGENCY Every printed part has a buy option. Switching one part to bought can save a whole week.

ALWAYS The final week is for wearing it, not building it — dress rehearsal beats one more coat of paint.

🕒 THE HONEST RULE

If a piece is not started two weeks before the event, it is not in this year's costume. Build it for the next one.
