5 WEEKS WEEK BY WEEK

Asajj Ventress – Nightsister, Dooku's apprentice, the bald assassin with twin curved red sabers. A makeup-heavy build: pale grey-white skin and dark face markings.

Steady wins. May the Force be with you.

5 WEEKS TO VENTRESS

Week 1	Plan + order bald cap, makeup, twin curved sabers, halter top	.
Week 2	Practice the bald cap application + skin paint	.
Week 3	Practice the dark tattoo markings	.
Week 4	Fit the halter + cape + belt + twin clips	.
Week 5	Dress rehearsal + game day	.
APPENDIX	Quick reference & game day	.

🕒 YOUR FIRST WEEKS — WHERE MOST BUILDS DIE

Nearly every abandoned build dies in the first quarter: parts not ordered, printer not tested, nothing started. Win the first weeks — order everything, print one test piece — and the rest is downhill.

PICK YOUR BAR

*Same Nightsister, three depths of menace — from a thrift-store first pass to a costuming-club-approved assassin. The same build can be finished to three different bars — pick yours **now**, because builders who polish for the wrong one burn weeks.*

LEAN · €90-140

Casual

Reads as Ventress at 5m: a clean bald cap, smudged pale base, and any two dark robes over a black top. Skip the curved sabers for straight cheap hilts, fake the face markings with a quick liner sketch, and don't fuss the skirt — the silhouette and bare scalp sell her across a room.

EFFORT · ~12 hrs

MID · €150-220

Convention

Reads as Ventress at conversation distance: most builders land here with a seamless blended bald cap, properly painted grey-white skin down the neck, and the dark eye and brow markings done with a stencil. A real leather-look halter, the layered lower skirt, and twin curved-hilt sabers carry the floor all day.

EFFORT · ~22 hrs

501ST · €280+

Approved

Reads as Ventress under inspection: airbrushed grey-white skin with no cap edge, screen-matched Nightsister markings, and accurate twin curved hilts that mirror each other. The flowing Clone Wars cape, tailored halter, and weathered boots earn 501st approval — every seam and value of grey checked against reference.

EFFORT · ~30 hrs

THE FALLBACK PLAN

*A first-time build of this suit is **15–30 hrs** of hands-on work across **5 weeks**. Life happens — so decide right now what gets cut when the clock wins. Finished beats perfect.*

BEHIND EARLY Drop first: No Armour, Optional Gauntlets. Nobody will notice at 5m.

BEHIND LATE Simplify next: Lower Skirt, Long Cape (Clone Wars), Reference & Fit, Dark Leggings — buy instead of make, or borrow.

EMERGENCY Every printed part has a buy option. Switching one part to bought can save a whole week.

ALWAYS The final week is for wearing it, not building it — dress rehearsal beats one more coat of paint.

🕒 THE HONEST RULE

If a piece is not started two weeks before the event, it is not in this year's costume. Build it for the next one.
